### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance: As set forth in the previous office action, Wilding (6464277) teaches one of mount 34 is a first mount adapted to cradle the first bar and the opposite one is a second mount adapted to cradle the second bar. However the claim recites the arm is in the closed position is substantially between the first mount and the second mount. It is noted that Ward teaches an arm portion 46. However, arm 46 cannot be between the first mount and the second mount since the mounts are opposite one another since the claim requires the first bar and the second mount to be able to cradle two different bars.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
